

Brandon was an amazing trainer!

There was a big group of us and he still made sure to give everyone the individual help needed.

Best CPR class I've taken!

ON-SITE GROUP TRAINING CERTIFICATIONS

WHO SHOULD LEARN CPR?

Everyone above the age of 15 should learn CPR.

ABOUT US

At Take Action CPR, we take immense pride in our unique approach to Chicago CPR training. We understand the importance of acquiring lifesaving skills, and that's why we go the extra mile to bring the expertise of firefighters, paramedics, and nurses directly to your doorstep. Our on-site First Aid, CPR, AED, and BLS training sessions are not just informative but also engaging, ensuring that you gain the knowledge and confidence to respond effectively in critical situations. What sets us apart is our commitment to providing same-day online certifications, making it convenient for individuals who require immediate results. With our real-world experience, we are dedicated to instilling these vital skills in you, all within a relaxed and interactive learning environment. Choose Take Action CPR for a hands-on training experience that equips you with the essential tools to save lives. We're committed to assisting you. Call us now, and our dedicated experts will guide you through every step.
